## Your Team and Professional on Crete

### About the NationsGolfCup

First time on Crete, the NationsGolfCup offers international players and teams a five-day tournament experience with your PGA Professional. Enjoy this week at „The Crete Golf Club“ combined with side events, full support by the time4golf Team and city life of Heraklion. The NationsGolfCup was designed to mix both tactical and technical golf game with a competitive, but friendly atmosphere of a tournament on the beautiful Greek island Crete.

### The Galaxy Hotel

Welcome to a 5\* world that embraces modern hospitality with impeccable finesse, and a personal touch every step of the way. Galaxy Hotel is simply the place to be whether you seek to combine business with leisure or leisure with pleasure. Giving guests the best of both worlds, they can experience the authentic Cretan hospitality that characterises the hotel for 37 consecutive years. The facilities have

been tailored to providing guests with the ultimate accommodation experience: taste the delectable gastronomy in one of the restaurants, and soak up the Greek sun at the refreshing resort-like pool, while the gym and wellness services will energise you.

### Golfinfo - The Crete Golf Club

For a genuine golfing experience. An 18-hole Golf Course of international standards – the only one on the island – is a fairer and friendlier course for players, while also presenting fascinating new challenges. The course truly tests every aspect of the golfer’s repertoire, however the feature that will make all visitors fall madly in love with this golf course – whose 6th is its signature hole – is the unique sense of freedom and tranquility felt when arriving at the justifiably popular 11th, which offers an unrivalled view of the Lasithi Mountains and the unique Cretan countryside.
